["They're two sides of the same coin. I'll say they're both wonderfully bizarre in their own ways." Powell said of the pair. "I actually think, look, I've only hung out with them a couple times...](#)

[What are the names of the two sides of a coin?](#)

[When the coin is flipped its head, you only see the head, and when the coin is flipped on its tail, you only see the tail. So you tend to only see one side of the story. But there are two sides, at the same time, that are in direct opposition to each other, like the coin, with its head and tail. 124 views.](#)
